Dear President General Cleophus Miller Jr.

As Garveyites/Pan Africans in Belize plan and Celebrate the contributions of Garveyism/Pan Africanism to the social and economic development of nationhood, social identify and economic development in Belize and beyond, we have an opportunity, a good reason for Africans, African Descendants and indigenous peoples in the Caribbean, Central America and beyond to link up and show some Love and Respect for Self and Kind.

We all have a common experience and purpose but historically in Belize March 1920 saw the distinct engagement of Belizeans in Garvey's movement for the empowerment of people of Black African descent throughout the world. Contributions by Belizeans, Isiah Emmanuel Morter, Samuel Haynes, Vivian Seay and Cleopatra White not only reverberated within the borders of Belize during their lifetime, but beyond Belize's borders and their lifetime. National and international public and private sector partners have collaborated over several years with the Belize Action Community (BAC), EmergentCorp and the Consortium of Research Centers and Universities (UNIPOP) to join the State in taking concrete and practical steps to develop and implement plans to promote respect, protection and fulfillment of all human rights and fundamental freedoms for people of African Descent. We encourage you to stand strong and complete the task you have chosen as time is not on our side as we join other individual group or organizational events in this historic year. In January 2017, at the request of the Government of Belize through the Prime Minister's Office and the Foreign Ministry, the historically Black and community based organizations of Belize planned a country launch of the UN Decade and efforts to align to our Horizon 2030 development framework, the Sustainable Development Agenda, the UN 2015-2024 Decade for People of Black African Descent, and UNIPOP's Garvey Satuye Sustainable Socio-Economic Initiative to shift the paradigm toward an empowerment agenda for Black African descendants and Indigenous people in Belize, Central America and the Caribbean. Attached you will find the pertinent documents. One God One Aim One Destiny!!!
